

This is to certify that

Clarendon Specialty Fasteners

2 Lydiard Fields, Great Western Way, Swindon, SN5 8UB

Has been assessed
by Marius Corcioba for Perspective Risk Ltd
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Cyber Essentials of External Company Owned Assets and Third Party Hosted Assets

Certification date: February 21st, 2019

Recommended re-assessment date: **February 20th, 2020**

Certificate no.: 8971642665354238

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
